K. WoO refers to Kinsky, Work without opus number. The number following this designation refers to the number in Kinsky's Thematisch-Bibliographisches Verzeichnis aller vollendeten Werke Ludwig van Beethovens (List of all completed works of Ludwig van Beethoven). George Kinsky, a German musicologist, catalogued all of Beethoven's works. He assigned numbers where Beethoven did not write in an opus number. Kinsky's study gives us a chronological listing of all of Beethoven's compositions.

The selections included in this book are taken from Beethoven—An Introduction to His Piano Works (#607). For students and teachers who prefer an expanded introductory section and additional selections in a 64-page book, the publisher recommends the Beethoven introduction listed above.

All selections in this book are performed by pianist Scott Price on the CD, Beethoven—The First Book for Pianists.
