Solo violin with orchestra! Following the release of the new movie version, the panther's popularity soars again—classic and yet still ever-new to the next generation. This cool arrangement includes a part for solo violin to feature a single student or several students. Add skits and lighting effects for even more fun. This piece is playable by full orchestra or by the strings alone

### NOTE FROM THE EDITOR

All Belwin string parts have been carefully bowed and fingered appropriately by level. The Yellow Very Beginning series includes many bowings as well as reminder fingerings for first-time readers. The Red Beginning series includes frequent bowings to assist younger players. Fingerings for altered pitches are often marked. The Green Intermediate series includes appropriately placed bowings for middle-level students. Fingerings and positions are marked for notes beyond first position. The Blue Concert series includes bowings appropriate for the experienced high school player. Fingerings and position markings are indicated for difficult passages.
